What is the Q Step Academy?

The Q Step Academy is a partnership between the Edinburgh Q Step Centre and schools in Edinburgh and the city region. This partnership will provide free training and resources on statistical literacy for staff and pupils in the Social Sciences.

What will the Academy do?

The Q-Step Academy aims to raise the profile of social statistics and data literacy within schools. It will work in collaboration with teachers, delivering masterclass sessions to pupils and creating resources which link to the curriculum.

How can your school get involved?

We are looking to develop links with schools in the future, if you would like more information, please get in touch by emailing us: qstepacademy@ed.ac.uk or visit: www.q-step.ed.ac.uk
